## **ASMODEE USA BECOMES EXCLUSIVE DISTRIBUTOR OF FANTASIA GAMES' ENDLESS WINTER: PALEOAMERICANS**

Roseville, MN – *March 16, 2021*. Asmodee USA is excited to announce their mammoth, exclusive English language distribution agreement for *Endless Winter: Paleoamericans* from Fantasia Games. Retailers can order the base game and expansions as part of the agreement.

*Endless Winter: Paleoamericans* is the premiere title from Fantasia Games, earning accolades and high praise from the board game industry's top media outlets. Designed by Stan Kordonskiy (*Rurik, Lock Up*) and developed by Jonny Pac (*Coloma, Sierra West*), the game rallied fans of euro-style worker placement games during their successful Kickstarter campaign in 2020. The game challenges players to guide the development of their tribes across several generations - from nomadic hunter-gatherers in 10,000 BCE to prosperous tribal societies. Over the course of the game, tribes migrate and settle new lands, establish cultural traditions, hunt paleolithic megafauna and build everlasting megalithic structures.

"We are proud to distribute Fantasia Games' first title," said Andre Kieren, Head of USA Distribution. "*Endless Winter: Paleoamericans* seamlessly blends two favorite genres, worker placement and deck building, and we're certain it will become a game shelf staple for tabletop fans."

"After a whirlwind year of launching Fantasia Games and a successful Kickstarter for our first game, we're thrilled to partner with Asmodee and continue the momentum of *Endless Winter: Paleoamericans*," said Head of Studio, Yorgo Tsalamanis.

*Endless Winter: Paleoamericans* and its expansions, *Rivers & Rafts*, *Cave Paintings* and *Ancestors*, will be available starting Winter 2021. Retailers that are part of Asmodee USA's Best Sellers Program who pre-order *Endless Winter* can qualify for the special *Mammoth Module*, a limited expansion from the original Kickstarter.
